HEALTH DESIGNS

Comprehensive COVID-19 Solutions

As you continue to evaluate your COVID-19 strategy and approach, having a cohesive and comprehensive program will give you a level of confidence that all the appropriate measures are in place to ensure the safety of your workforce.

Standalone or Packaged COVID-19 Solutions:

Digital Workforce Management

- A technology solution to track and monitor employees' individual status
- Interactive dashboards so leadership can see the status of the workforce by location, in real time
- Daily symptom attestation
- Customized for your organization's protocols and resources
- HIPAA compliant and secure
- Available on IOS, Android, and Web

Covid-19 Testing

- Onsite rapid antigen testing (results available in 10 minutes)
- FDA Approved PCR Testing available onsite (results available in 48-72 hours)
- Total project/event management by expert staff

Contact Tracing

- Certified Contact Tracing staff in accordance with CDC guidelines
- Successfully removes the administrative burden off of your organization
- Turn-key platform solution
- Established and secure data protocol and case management
